The **Parent Liaison Group (PLG)** is a sub-committee of the Xavier High School Council. The group aims to provide information to parents and friends which is topical and of relevance to the education and wellbeing of your sons and daughters. In addition to this the PLG aims to facilitate parent consultation within the school community when required. This would involve members of the PLG contacting you via email or phone for your opinions and/or considerations on various matters which may arise.

To provide the Parent Liaison Group with topics of interest for our school community we invite you to submit your suggestions for future information evenings. Topics already being considered include a mental health forum, sexual health and how it is covered in the curriculum, communicating with teenagers, bullying and cyber safety. Please add your suggestions to this list by returning the slip below to the school office or contacting a member of the Parent Liaison Group (PLG). Suggestions may also be handed to one of the PLG or staff member this evening.
